

PRODUCT GUIDE

Who Is NMR?

NMR Events is a national AV/Staging/Digital Media firm providing customized presentation solutions for live events, corporate meetings, trade shows, and permanent installations. We are your single source solution providing the latest in AV technology, innovative staging and lighting techniques, interactive content design and programming, as well as content testing.

Staging and Events

NMR's Live Events Division offers a staff of creative minds combined with premier talent, guaranteeing a world class event. From inception to completion, our highly skilled and knowledgeable team of staff engineers and designers are trained to deliver the strongest, most positive and unforgettable impact to your event. NMR's Staging & Events provides technology & creative support for Corporate Meetings, and Live Production Events of all sizes across the US.

Tradeshow Services

Our staff of highly trained experts is unparalleled in the industry and is dedicated to providing outstanding customer service. From your initial vision, to the final eye-catching, brand-building booth deployment, our skilled team of experts at NMR will work closely with you during the entire process. The sales force completely understands the benefits of a successful and memorable tradeshow presence. We use the latest A/V technology & work together with the finest technical support staff on the tradeshow floor, to not only meet but rather exceed your expectations.

Digital Media Services

The Digital Media Services division of NMR Events is the center of excellence in providing interactive content, motion graphics as well as video production. DMS is also a valuable partner when working with agencies and other production companies hired by our clients. We will test existing or newly created content to assure that it runs properly on the equipment in which it is going to be deployed. We are, by nature, a collaborative team with the common goal of making your event a complete success while increasing your brand awareness.

Permanent Installations

This is a highly specialized department at NMR and is comprised of diverse deliverables. Customer Experience Centers provide an avenue to present information both internally and to perspective clients. A combination of dynamic and interactive presentation methods are utilized. Digital Signage solutions allow information to be displayed at a single or multiple locations. Updating & Managing content for all sites can be controlled remotely via an Internet connection. With regard to museum & exhibits, attendee experience presents opportunities to engage the audience for both academic and brand promotional purposes. Installations have the flexibility to be either fixed or mobile. As always, NMR will partner with you from inception to completion and provide support as long as the installation is in existence.

Streamit! Services

NMR has been a leader in event technologies for over 40 years. Your dedicated team will design and deliver an effective solution (virtual or not) to ensure your event runs smoothly. Our team is committed to finding the best solutions to meet your project goals and budget.
